3. **PAC Meeting Purpose and Scope.** 4:15 pm

The role of the Parent Advisory Committee (PAC) is to provide advice to the Redding School District governing Board and superintendent on the District's Local Control and Accountability Plan (LCAP).

The LCAP is a document that memorializes the District's goals for student achievement, action items to achieve the goals, and performance metrics to assess the District's progress on reaching these goals.

The LCAP should provide public stakeholders a clear picture on how Redding School District is spending their state-allocated funds in order to meet State and local priorities for student achievement.

PAC meetings engage parents in the public process for reviewing and commenting on the District's LCAP.

- 5. Recap: PAC Comments on draft 19/20 Update (provided at June 2019 Board Meeting).** 4:25 pm
- a. PAC requested Goal 2, Action Item 19 to memorialize the actual projects/actions planned for the schools. Documentation is necessary in order for stakeholders to review and comments on the action. The transparency will also ensure that the money is being spent on actions appropriate for the funding source. *(Result: District did not include planned actions for Action Item 19 for school year 19/20. Action Item 19 is \$200K in supplemental and concentration-based funding).*
- b. PAC requested that District LCAP account for the base funding we receive from the State. The District's current LCAP is essentially a plan for spending supplemental and concentration-based funds, which only makes up a very small portion (approximately 10%) of the District's annual budget. *(Result: District LCAP continues to present a plan of actions for approximately 10% of District budget).*
